

Core Supports

What is Core Supports?

Core Supports enable clients to complete everyday activities and work towards the personal goals set in their Support Plans.

Our Assessment and Engagement team will meet with you to conduct the initial assessment required to get you on your way to finding a suitable support worker who will help you achieve your NDIS goals.

Our team of Disability Support Workers provide individualised support to increase our clients' independence and work towards the goals set in their Support Plans. We believe that aligning support workers with clients based on common interests and experiences is the best way to build trust and ensure enjoyment is had whilst providing an expert level of support.

Why choose Give a Care?

Our dedicated team works with you to ensure you receive the personalised support you require.

We provide individualised support to increase the independence of our clients and provide you with choice and control over your support.

Give a Care is an accredited service provider for NDIS, TAC and Worksafe.

We also provide support to self-funded clients who may not have enough NDIS funding or may suffer from an illness not classified as a disability.
